Empowering All Students to Excel

February 17, 2022

Dear Barrington Staff, Families, Students, and Community Members,

We thank all who have provided feedback to the Re-Entry Task Force. The Re-Entry Task Force met this afternoon and received information from the Rhode Island Department of Health (RIDOH) that the metrics for decisions regarding masking, isolation, quarantine, testing, and contact tracing will not be released to districts until after February Vacation.

We will update our decisions and provide clear metrics at that time.

We thank you for your patience.

Mike Messore
